

EYFS Grading and Assessment Policies

In **Early Years** , we use objectives based grading. This allows parents to better understand their child's progress toward specific objectives and learning targets rather than just simply receiving one overall letter grade for a subject.

Grade	Description	
E	Exceeds Objectives	Demonstrates the skills, understands and applies concepts and standards above year level expectations
M	Meeting Objectives	Demonstrates the skills, understands and applies concepts and standards at year level expectations.
A	Approaching Objectives	Sometimes demonstrates the skills, understands concepts and standards, and is working towards year level expectations
B	Below Objectives	Rarely demonstrates the skills, understands concepts and standards and is below year level expectations.

Assessment in Foundation Stage

- Summative assessments are carried out 3 times a year (Autumn, Spring & Summer).
- Understanding of the World is assessed through projects and observations.
- An assessor sits either one to one or in small groups to assess pupils.
- Pupils are always observed and assessed formatively through ongoing written observations.

Homework Schedule:

Grade \ Day	Pre-FS	FS1	FS2
Sunday			
Monday			Arabic
Tuesday			
Wednesday			Arabic
Thursday	Recommended activities	Recommended Activities	Homework + decodable book
